

## OUR MISSION

*The Dalton Hospitality Association was established to promote and protect the mutual interests and welfare of lodging and restaurant owners and operators and businesses that support the hospitality industry in the Dalton-Whitfield area.*

*The Association provides for the exchange of ideas and information relating to the hospitality industry. These include employment, education and training, taxation, governmental relations, community awareness and service, and other issues of public interest.*

## MEMBERSHIP INFORMATION

*As our organization continues to grow, it gives us a stronger voice in addressing the concerns of our respective industries. We encourage members to bring forth concerns and problems that affect the hospitality industry so that, as a group we can make strides to address those issues that affect our members. The Dalton Hospitality Association meets every third Wednesday at one o'clock. We want to invite you to join us and attend our meetings which are held randomly at member properties. For information on meeting locations or the Dalton Hospitality Association, you can contact me at (706) 226-3160.*

*TJ Kaikobad / Dalton Depot  
2009 President*
